Water & Waste Water Engineers

## SWA WATER AUSTRALIA Industrial Water Engineers

SWA WATER GROUP SPECIALISING IN the design, manufacture and construction of industrial waste water treatment plants, SWA Water Australia is part of a multi-national environmental engineering group based in Sydney .

In recent years, the SWA Water group has manufactured hundreds of oil separators, solids separators and dissolved air flotation (DAF) units. The company designs, manufactures and constructs industrial waste treatment plants and works on projects ranging from the mining industry to workshops and service stations, large food processing plants to power stations, oil refineries and abattoirs.

SWA Water has plants operating in Australia, New Zealand, East Asia, India, The Middle East, US and South America and provides its customers with unique designs that are reliable and of a high quality.

SWA Water Australia is a member of SWA WATER GROUP of companies which has companies in:

- Australia
- New Zealand
- China
- Thailand
- Malaysia

**SWA Water Australia's services:**

- Design
- Manufacture and supply of equipment
- Installation works
- Turnkey design and construct projects
- Laboratory test work
- Site investigations
- Pilot plant trials
- Service and maintenance

**SWA Water Australia's products:**

- Oil Separators
- DAF units
- Solid Separators
- Clarifiers and thickeners
- DAF thickeners
- Screens
- Belt Filters
- Filter presses
- Grease Arrestors
- Silt Arrestors
- Biological treatment plants
- Polymer Blending plants
- Chemical storage plants
- Electrical control panels

**Industrial Experience:**

- Oil refineries
- Petrochemical plants
- Power stations
- Food industries
- Automotive reparis
- Desalination Plants
- Beverage
- Textile
- Biodiesel production
- Ice cream
- Dairy
- Electroplators
- and much more ....

**SWA clients**

# SOME RECENT SWA PROJECTS & PRODUCTS

**Dairy Industry – Aust - 40 m<sup>3</sup>/h DAF**

**Power Station - Aust - 60 m<sup>3</sup>/h**

**Textile - China- Clarifier 50m diameter**

**Dairy Industry – Aust - 40 m<sup>3</sup>/h DAF**

**Dairy Industry - NZ - DAF 250 m<sup>3</sup>/h**

**Soy Plant - China - 3 x 60 m<sup>3</sup>/h DAF**

**Oil Terminal - Aust - 120m<sup>3</sup>/h  
Oil Separator**

**Food Industry - Aust  
DAF Control Panel**

**Food Industry - Aust - 20 m<sup>3</sup>/h DAF**

**Pharmaceutical - Sydney - Clarifier**

**Textile Industrial Estate  
China 40,000 m<sup>3</sup>/d**

**Belt Filters – 4 off x 3m wide - China**
